

Calypso Shelving

2022 Specification Guide

Calypso is a hugely versatile shelving system that provides the perfect blend of style and functionality. High quality manufacturing processes and materials ensure that Calypso is a very competitively-priced premium range product.

A huge choice of colours ensures that this timber system will not only look great but will also provide the flexibility that is required for todays demanding library environments. All shelves, including the revolutionary 3-way shelf positioning system, can be easily adjusted for full flexibility.

Available with either open tops or canopies.

Sizes available

What's the difference?

Our reference size is the industry standard sizing for shelving, and makes ordering from us a lot simpler. Please use the reference size when placing your order.

The actual size is primarily for use by architects and designers who need exact measurements for drawings and site layouts.

Wall Freestanding

| | Reference Size (mm) | Actual Size (mm) | |
|--------|---------------------|------------------|-------------|
| | | Starter Bays | Add-On Bays |
| Height | 2100 | 2110 | 2110 |
| | 1800 | 1810 | 1810 |
| | 1500 | 1510 | 1510 |
| | 1200 | 1210 | 1210 |

Shelves

This shelving system is highly user-friendly as the adjustable shelves work with easily removable brackets so that you can quickly reconfigure as required. The same shelf can be used in either flat, or in a back-inclined position.

You may also use the same shelf and brackets in a display position. This feature gives great flexibility with your shelving units as you can easily change them around as and when required.
